Sisam Forestry Award

**Eligibility (Basic Eligibility):**
Open to all full-time undergraduate and graduate students at any Canadian university; published article about forestry or forest-environment subjects

**Award type:**
Scholarship

**Action:**
Application required

**Available for:**
Domestic or international students

**Description of Award:**
The Sisam Forestry Award recognizes a published article about forestry or forest-environment subjects which reaches a general audience beyond the university. It is open to all full-time undergraduate and graduate students at any Canadian university. The article must be written solely by the applicant for the award, in English or French. It should not be in report form and should be published to reach a general audience. The article must have been published within the previous 12-month period prior to the application deadline.

**Academic Year:**
2021-22

**Value/Amount:**
Up to $1000

**Full Eligibility Requirements:**
Recipient must: • be a full-time undergraduate or graduate student at any Canadian university; • have written a published article about forestry or forest-environment subjects which reached a general audience beyond the university.

**How to Apply:**
Please submit your article via email or postal mail to the Daniels Faculty awards contact. If submitting by email, please provide an attached document and/or website link. An article submitted by mail should be the original or a photocopy of the published article. Every application should clearly indicate the publication name and date in which it appeared, and a brief reason why the article was written.

All applications should include the student's full name, student number, university and program of study.

Email applications: Include “Sisam Forestry Award” in title and send to: awards@daniels.utoronto.ca.

Mail-in applications: Sisam Forestry Award, c/o Bianca Novielli, John H. Daniels Faculty of Architecture, Landscape, and Design, 1 Spadina Crescent, Toronto, ON, M5S 2J5

**Deadline to Apply:**
January 31 annually
