

Lab & Research Safety Guidelines Form

The John H. Daniels Faculty of Architecture, Landscape, and Design places high priority in providing and maintaining a safe work and learning environment for its students and researchers. Please ensure that you read through the following links and fulfill the below health and safety requirements that pertain to your research, laboratory, and field work.

After you read through the weblinks and complete the requirements, you will need to sign off on this form and return to Tony Ung, Research Technician/Coordinator Technical Services at tony.ung@utoronto.ca along with any other required forms.
